DIV Welcome to Encounters, a groundbreaking Chinese language program that features a dramatic series filmed entirely in China. The program's highly communicative approach immerses learners in the Chinese language and culture through video episodes that directly correspond to units in the combination textbook-workbook. By combining a compelling story line with a wealth of educational materials, Encounters weaves a tapestry

of Chinese language and culture rich in teaching and learning opportunities. Encounters follows a carefully structured and cumulative approach. Students progress from listening and speaking to the more difficult skills of reading and writing Chinese characters, building grammar, vocabulary, and pronunciation skills along the way. The Encounters program includes:

- Two Full-color Student Books for introductory Chinese study
- Annotated Instructor's Editions with answer keys and suggested class activities
- Two Character Writing Workbooks linked directly to the Student Book
- Ten hours of video materials, comprising dramatic episodes, cultural segments, and animations, all integrated with the Student Books
- A total of 200 minutes of audio material, linked to the

Student Books, for listening and speaking practice • A website, [www.encounterschinese.com](http://www.encounterschinese.com), providing a year's free access to all audiovisual material of the program upon adoption

### **In the Realm of Hungry Ghosts**

Cambridge University Press

From bestselling author Gabor Maté, the essential resource for understanding the roots and behaviors of addiction--now with an added introduction by the author. Based on Gabor Maté's two decades of experience as a medical doctor and his groundbreaking work with the severely addicted on Vancouver's skid row, *In the Realm of Hungry Ghosts* radically reenvision this much misunderstood field by taking a holistic approach. Dr. Maté presents addiction

not as a discrete phenomenon confined to an unfortunate or weak-willed few, but as a continuum that runs throughout (and perhaps underpins) our society; not a medical "condition" distinct from the lives it affects, rather the result of a complex interplay among personal history, emotional, and neurological development, brain chemistry, and the drugs (and behaviors) of addiction. Simplifying a wide array of brain and addiction research findings from around the globe, the book avoids glib self-help remedies, instead promoting a thorough and compassionate self-understanding as the first key to healing and wellness. In the Realm of Hungry Ghosts argues persuasively against contemporary health, social, and criminal justice policies toward addiction and those

impacted by it. The mix of personal stories—including the author's candid discussion of his own "high-status" addictive tendencies—and science with positive solutions makes the book equally useful for lay readers and professionals.

**Listening to the Wind** Cambridge University Press

"A collection of meditations like polished stones--painstakingly worded, tough-minded, yet partial to mystery, and peerless when it comes to injecting larger resonances into the natural world." — Kirkus Reviews Here, in this compelling assembly of writings, Pulitzer Prize-winning author Annie Dillard explores the world of natural facts and human meanings. Veering away from the long, meditative studies of Pilgrim at

Tinker Creek or Holy the Firm, Annie Dillard explores and celebrates moments of spirituality, dipping into descriptions of encounters with flora and fauna, stars, and more, from Ecuador to Miami.

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

**Encounters** Yale University Press  
*Academic Listening Encounters: Life in Society* develops students listening and note taking skills using authentic interviews and classroom lectures. The *Student's Book* develops students' listening and note-taking skills using a variety of recorded materials. It introduces them to stimulating topics within the field of sociology, including high-interest topics such as peer pressure, gender roles, and the influence of the media. Listening materials include a variety of warm-up activities, informal interviews, and a formal academic lecture for every chapter. Students

practice crucial listening skills, such as listening for main ideas, listening for examples, and listening for organizational phrases. The materials also serve as stimuli for discussion and note-taking activities. Pre-listening tasks expose students to vocabulary they will encounter in the interviews and lectures, and help them build background knowledge of the topic. Topics correspond with those in *Academic Encounters: Life in Society*, and these books can be used together as a four skills course; however, they function equally well as stand-alone texts. An audio CD of the academic lectures, an important part of the audio program, is included with the Student's Book to provide students with additional listening practice. A Life in Society 2-Book Set is

available (ISBN 0-521-546702). It includes one copy of the Student's Reading Book and one copy of the Student's Listening Book at a discounted price.

"Playing a role-playing game is a delicate dance. If everything runs smoothly, it feels like you and your friends are able to maneuver effortlessly through dramatic, epic, and uproariously silly scenes where everyone gets a chance to shine. And yet, other times it just doesn't come together. Combat slows to a repetitive grind, the Game Master runs out of good Non-Player Character (NPC) ideas, or after twenty-six rounds maybe even the most beautifully designed encounter just gets a bit stale. Sure, you could prep an absolute powerhouse of an all-killer-no

filler role-playing session. Spend time getting fun character voices ready for every NPC. But that sounds like way too much work. This is the book you turn to for help. It's a big book of ideas designed to slot right into your existing campaign, organized into neat little tables. If you salivate at chaos magic effect tables and

daydream about wild, unexpected die results, you already know it can also be fun to throw caution to the wind and let randomness determine as much as possible. Even the most organized GMs and the tightest adventure modules benefit from a little spice!"--
